

15/16

This is an aerial photograph of a land area, possibly a forest or agricultural field, overlaid with a black boundary line. Three specific regions are highlighted with red outlines. The top region is a trapezoidal shape labeled '15/16'. Below it is a larger, roughly rectangular area labeled '15/14'. At the bottom of this larger area is a smaller, roughly rectangular section labeled '15/12'. The background shows a mix of dark green, textured areas and smoother, lighter-toned areas, possibly representing different types of vegetation or terrain. The overall image is in grayscale.
